LORE Designer who brings together **Game UI** (combat HUD, menus, victory screens, and player flow), **pixel art sprite animation**, and graphic design for **tactical board games**. Has designed cards, iconography, and rulebooks for tabletop games since 2018, and builds playable prototypes to test the interface in use, not just as a static screen.

QUEST LOG

EXPERIENCE

Board Game Designer & Tactical Iconography

2018 - NOW

Dragori Games & Coliseu Hobbies

- **Tactical cards:** layout and iconography for combat, status, and ability cards (Tanares RPG, Super Batalha).
- **Readable rules:** layout and information architecture for complex rulebooks, to shorten the learning curve.
- **Modular boards:** grids, terrain markers, and tiles built for miniatures and tactical movement.

- **HUD and flow:** health and energy bars, character select, menus, and victory screens for a mobile fighting game.
- **Frame-by-frame sprites** in pixel art, with the look of 80s and 90s arcades.
- **Console UI:** contextual HUD, glyphs that swap between PlayStation, Xbox, and PC, a skill tree, and an inventory with side-by-side comparison.
- **Audio and rhythm:** a rhythm game playable in the browser, synced with the Web Audio API.

Graphic Designer & Art Producer · RPGs and Manga

2008 - 2012

Editora Devir Livraria (full-time)

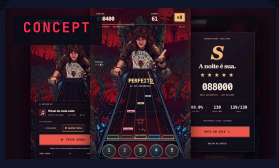

- **RPGs:** adaptation and layout of international books, character sheets, maps, and stat tables.
- **Manga and comics:** sound-effect retouching, lettering, and art preparation for print.
